

The Chairman's working late tonight

It's been a long day. But soon he'll be able to relax in the quiet warmth of his Jensen C-V8. Turn the ignition key and feel the hush pulse of the 6 litre V8 take over.

The Jensen C-V8 is geared to meet the demands of modern business. Content at times to glide leisurely through city streets, at others to take the fast lane effortlessly at speeds in excess of 120 mph.

The C-V8 is a car for the top man. Calm. But very powerful. Very safe.

Demonstrations gladly arranged by Jensen Motors Ltd., West Bromwich (also Export enquiries), or any of the following:
