

there's joy

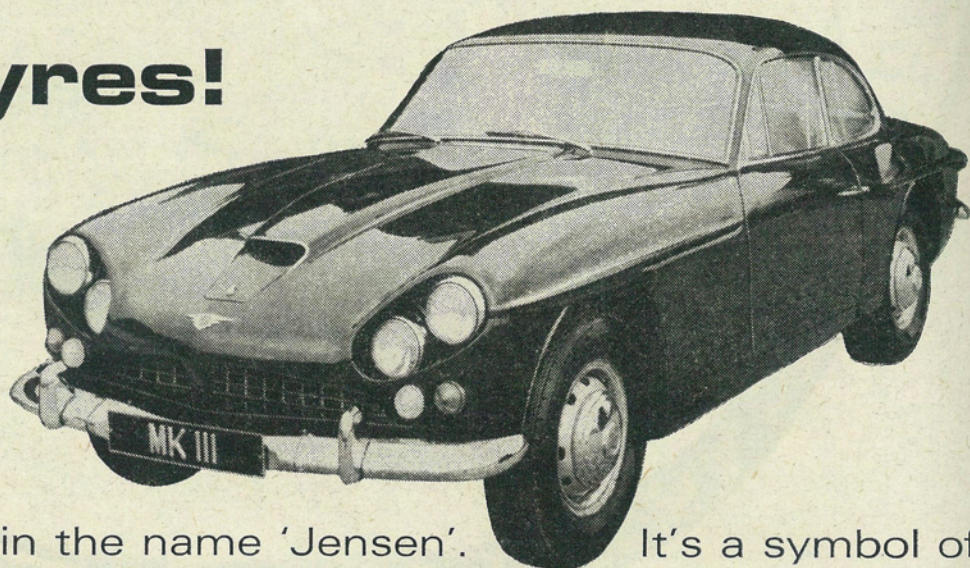

Jensen Car Club of Switzerland

in the new Jensen...

especially

on Dunlop

RS5 tyres!

There's cachet in the name 'Jensen'. It's a symbol of distinguished and effortless performance, of matchless appearance and finish. And so that such powerful capabilities can be enjoyed to the full... in the greatest safety... with the maximum tyre efficiency... the Jensen C-V8 mk III is fitted with Dunlop RS5 'Road Speed' tyres as standard equipment.

Jensen... Dunlop... the best of both worlds!
